Woman Who Claims to Conduct Market Square Hotel Arrested; Cocaine Supply Suspected.

Mrs. Ed Wilson, who gave her address as 1205 Second avenue, Rock Island, and claimed that she conducted the Market Square hotel in this city, was one of 13 arrested last night in the home of Mrs. Ella Donahue, 420 West Fifth street, Davenport. A federal narcotic agent, two prohibition officers and three police conducted the raid. Beside a quantity of liquor, hid in bottom of the piano, the officers found several capsules and a box of white powder, suspended back of a picture on the wall. Mrs. Donahue asserted that the powder is cocaine but federal analysis is being made to determine whether or not it is cocaine.

## MRS. FELTON IS NOT TO SERVE?

Governor Hardwick Says She Lost Title as Senator on Day of Election.

New York, Nov. 15.—Mrs. W. S. Felton, Georgia's woman senator, lost her title on the date of the election of her successor and therefore will not be entitled to sit with the United States senate when it convenes next Monday. This was the opinion expressed here by Governor Hardwick of Georgia, by whom she was appointed. "I don't want to hurt Mrs. Felton's feeling," he said, "and I don't intend to offer her any advice until she asks me for it. But I will say that, according to the law of the nation and of the state of Georgia, she hasn't the shadow of a title to a seat in the senate."

## 11 FILIPINOS FACE HANGING

Only Chance for Island Constabulary Men Is Pardon by Governor-General Wood.

Manila, P. I., Nov. 15.—(By The Associated Press.)—Eleven non-commissioned officers in the Philippine constabulary will be hanged unless Governor-General Wood pardons them, since the supreme court of the United States declined to review their cases. Sixty-six privates will serve life sentences. The Philippine supreme court will await the official mandate of the United States court before fixing the date for carrying out the sentences. The men were sentenced following a riot in which the constabulary members attacked the city police of Manila.

Baltimore, Md., Nov. 15.—Two separate investigations, growing out of the airplane accident at Logan Field near here yesterday, in which Lieutenant Edwin G. Schrader of Iowa City, Iowa, pilot of a De Havilland-4, was killed, and his passenger, Lieutenant Francis A. March, III, of Easton, Pa., was injured, were begun today to determine responsibility for the crash. The plane fell to the ground from an altitude of 50 feet. The body of Lieutenant Schrader, 27 years old, was sent to his home today for burial. It was escorted by Captain H. E. Potter, adjutant of Port Howard, who will act as guard of honor.

## SKULL IS FOUND IN BASEMENT; NO ONE IS ALARMED

(Special Moline Service.)  
A human skull has been found in the basement of the house at 1813 Twenty-third avenue. J. Edward Wright, who recently purchased the place, made the find. It was on a rubbish heap in the furnace room. Mr. Wright took it to the police station. The pieces are now lying on the sergeant's desk. Neither the Wrights nor the police are concerned over the discovery. It is believed that the skull was used for studying by a medical student, or perhaps it was found in an excavation and was being kept by former occupants of the house as an "Indian relic."

The women were arrested yesterday during a demonstration before the embassy in protest to the detention of Miss Mary MacSwiney, sister of Terence, who is a prisoner of the Irish Free State. ## TWO WOMEN ARE CANDIDATES FOR POSTOFFICE JOB

(Special Moline Service.)  
It is not unlikely that East Moline will have a postmistress instead of a postmaster the next four years. No information has come from Congressman W. J. Graham or anyone else at Washington to indicate who the successful candidate will be, but it became known yesterday that two women of East Moline, Mrs. Mary Hubb and Mrs. G. W. Dick, have filed applications for the commission, and they have as good a chance as male candidates. The men who have filed are F. O. Lovins, whose commission expired in October; F. J. Clendenin, who was postmaster a number of years ago; Jesse Walker, rural carrier, and W. Dale Chambers. Applications are graded by the civil service commission, and recommendations are made by the commission of any of the highest rated applicants. Recommendations of the commission have to be confirmed by the president and ratified by the senate. Announcement of the successful candidate is not expected to be made before late in December.

The action is based on injuries Nelson incurred when his automobile was hit by a Rock Island train. Nelson's left leg was fractured, causing permanent partial disability. He was in the hospital for five months. The accident occurred at the Fifteenth street crossing at 2 o'clock in the morning. In the machine with Nelson were R. M. Lindbloom, F. J. O'Neill and Clarence Purcell, all of Moline. Purcell pleaded guilty to a charge of drunkenness after the accident. All of the men are said to have been intoxicated. Nelson denies that he was under the influence of liquor.

## PREDICTS NEW PARTY IN 1924

Chicago, Nov. 15.—Mayor John F. Hyland of New York, here for a short rest, saw party lines being effected and prophesied that a new third party will be in the field in 1924 unless the Republicans nominate a man like Hiram Johnson, or the Democrats a candidate like William Randolph Hearst for president. "I hadn't the slightest intention of coming to Chicago two hours before the train left," he said. "I was going up to the Catskills. Mrs. Hyland called me up and said it was snowing up there and I had better go to Chicago and have a good rest. She brought the bag down to the train and here I am."

## CAMPBELL HAS EDGE IN FIGHT FOR POSTOFFICE

(Continued from First Page.)

the lower house are generally accorded full control over the recommendation of postmasterships in their own districts, and McKinley and McCormick would be loathe to brook Representative Graham's enmity by attempting to dictate who shall fill the Rock Island office. State Chairman Rosenfield, it is understood, has already had some communication on the subject with the Illinois senators.

The civil service commission has not yet rated the three applicants for the postmastership. This will be done within the next few weeks, it was stated today by officials at commission headquarters. If all three applicants are found eligible, Representative Graham may pick any one he chooses from the list. If the commission disqualifies any one of the applicants, Graham can call for a second examination as he is entitled to have three candidates certified as eligible before he makes a choice.

**Graham Non-Committal.**  
Representative Graham has refused to discuss the postmastership other than announcing definitely that he will not name an acting postmaster to succeed Postmaster Shapson at once. Graham has advised The Argus bureau that he will allow Simpson to remain in office until a permanent appointment

of his successor can be made. The prominence of State Chairman Rosenfield and his activity in connection with the postmastership race has made the Rock Island situation the subject of statewide comment among Illinois congressmen and politicians generally at the national capital.

## MOLINE POLICE MAKE NEEDLESS TRIP TO PEORIA

(Special Moline Service.)  
A gnarl in the federal red tape caused Chief of Police Ben DeJaeger and Policeman Swan Larson to lose 24 hours, and they were justifiably provoked. The officers were summoned by a deputy United States marshal to testify at Peoria in the case of John Gustafson, who was arrested several months ago on a charge of violating the federal

## What Makes Automobile Paint Fade?

These grey days, with the frequent quick changes in temperature, with the almost continual variations of sun and shadow, with winds blowing the rain drops one hour and evaporating them the next, all take mighty toll from the finish of automobile paints and varnishes. The cars that are left outside in the elements these days pay more toll than those which are under roof protection.

The first sense of the value of any automobile is in its appearance. To the average person, an automobile is just as old as it looks. To the owner of the machine, the pride in that ownership vanishes in the same degree as the paint and finish fades and dulls. A "trade in" is thought of all too quickly—and unnecessarily.

It is always possible to conserve the value in your automobile as reflected in its appearance. It is economy to do this in any season but more particularly in these Fall days. Use the automobile for the pleasure and recreation purposes for which you bought it. Use the street cars for business riding.
